"We chose rambling rose for our wedding and they were Phenomenal. Hannah was an absolute delight. she joined in our excitement and created beautiful flower arrangements. my bouquet was perfect. Rambling rose helped make our day so very wonderful."

"I can't quite put into words just how grateful we are for Hannah and the team for bringing our wedding to life! From the moment we walked in for our planning meeting Hannah was incredibly friendly, rational and just all round great vibes. Communication was excellent and Hannah has a solution for everything, but most importantly the vision!!!! The bridal bouquets, table flowers, even the button holes were all absolutely stunning and the venue looked absolutely insane. All our guests have commented on just how beautiful it looked. Hannah is a magician and if you don't book her for your wedding (or any other event for that matter!) then why are you even having one. Thanks Hannah and the team for everything!!! "

"Hannah did such a beautiful job with our wedding flowers! She has such good creative vision and understood exactly how to execute what we were going for, even when we didn't know how to put it into words ourselves. She was able to adapt the flowers included to avoid my hayfever, without having to sacrifice on the visuals! We love that she picks flowers that are in season, and without using floral foam too. Hannah and her team are super friendly, and we love that you can just pop into a physical shop to see them - we'll definitely be back in to buy flowers in the future!!"

"Hannah and the team at the Rambling Rose were perfect from start to finish during the whole lead up and delivery of the flowers for our wedding. The venue and our wedding party looked stunning and magical, and so much of that was the floral decoration and arrangement. From the moment we walked through the doors on Gloucester Road, we knew we had found our florist, and we won't need much of an excuse to use them again in the future. We are beyond grateful for everything they did for us, answering every question and being nothing but excited and helpful from the off, and providing the most beautiful flowers we could ever have dreamed of. Thank you again! Meg & Jules x"
